To The Wholesale Trade:

If you have not placed your contract order for next fall, kindly send us a memorandum, stating the kinds and quantities you wish to order.

Upon receipt of same we will endeavor to make you special prices, which we believe will meet with your approval, providing the quantities required will warrant our making lower prices than those already quoted you.

We wish to know in ample time the acreage we shall require to protect our contract orders, in the very near future so we can arrange with the best growers for sufficient acreage. We do not, however, wish to place an acreage that will produce a large surplus and shall be obliged to govern the acreage we contract with the farmers accordingly.

Trusting you will give this your immediate attention so we can cover your requirements, we remain

Yours truly,
